Re: Funds to supplement financing of the IHTA Summer Picnic Program in the amount of $250.00

After many months of struggling against Four Seas Investment Corp., who are trying to demolish our home, the elderly people of the International Hotel Tenants Association need and deserve some recreation.

As you know, we have a recreation program here which includes monthly picnics during the summer, and it is necessary to finance this program through fund-raising and the acceptance of donations.

Our first picnic this year will be held at Stinson Beach on Sunday, July 6th. The funds for this we obtained by participation in the Glide Festival last Sunday. For our next two picnics we will need an additional $250.00.

Since our policy is to share with all the elderly in Manilatown/Chinatown, who are always invited to attend our picnics, we feel free to ask the Point Foundation for the above amount and will appreciate deeply your help if you choose to comply with our request.

Sincerely,

Joseph Diones
Chairman
